- Team Building Exercises

## Leadership 1:

Enhance your leadership skills in a classroom setting. Anyone can sign up, just select the course when you schedule!

# Course Book Descriptions

## **Student Leadership 1A/1B**

Prerequisite/Recommendation: None (Just sign up when you schedule!)

This class is designed for students who have a serious interest in student activities and the development of their leadership abilities. This course will teach characteristics of leadership as well as emphasize skills such as goal setting, communication, organization, time management, and project planning. Once skills have been taught, they will be put into practice through hands-on activity and event planning within the school and community.

## **Student Leadership 2A/2B**

Prerequisite/Recommendation: Completion of Student Leadership 1A/1B OR other leadership training.

**Application and approval by Student Activities director is required.**

This class is designed for students who already have a student leadership background. Leadership skills and techniques will further be improved by working in a hands-on setting. Project planning and management will be the focus of this course. Students will be expected to participate in various school and community activities both during and outside of the school day.
